MW Mid-West Metal Products
Company, Inc.

Sheet Metal & Structural Steel

Mid-West Metal Products is not only a industry leader in wire formed products, we are also a leading manufacturer of sheet metal & structural steel products for Original Equipment Manufacturers. Our sheet metal & structural steel production facility possesses state of the art equipment which allows us to meet the demands of large mass production runs, as well as small job shop type projects. An in-house quality department utilizes a CMM to ensure all parts are made to exact customer specifications. Our team of engineers will work with you to ensure your parts are manufactured in the most economical way, and to the highest quality standards.

Production Capabilities
