MW Mid-West Metal Products
Company, Inc.

Wire Forming & Fabrication

Mid-West Metal Products offers a diverse mix of wire forming and fabrication capabilities. Our three wire production facilities provide us the capacity to handle large production runs as well as the ability to meet smaller quantity custom requirements. Our production facilities feature state of the art fabrication and automated production systems, all to provide our customers with the top quality products priced to meet your needs, with on-time delivery. Our repeat customers include not only large multi-million dollar national company's, but also small emerging enterprises.
